TECH FUELS MISSION SUCCESS

NON-PROFIT SOLUTIONS FOR
EFFICIENCY, SAVINGS, AND MISSION FOCUS

About Us.

Carillo Consulting Group is dedicated to empowering non-profit organizations by helping them leverage technology and maximize their IT investments to achieve their missions effectively and make a greater impact in their communities.

Why Choose Us?

We leverage over 20 years of experience in international development and technology to help non-profits overcome challenges with innovative business and technology solutions.

Specializing in strategic Business and IT alignment, we deliver cost-effective, high-performance solutions tailored to organizational goals for increased efficiency and impact.

Efficiency

Developing comprehensive strategies to strengthen organizational structures and processes.

Identifying and implementing solutions to streamline operations and improve efficiency.

Savings

Helping non-profits make the most of their IT budgets by identifying cost-effective and high-impact technology solutions.

Ensuring their IT strategies are fully aligned with organizational goals and objectives.

Mission Focus

Supporting non-profits in enhancing their philanthropic efforts through optimized use of resources.

Facilitating partnerships with technology providers and other stakeholders to enhance organizational capabilities.
